

The Federal Trade Commission has designated September 10 – 15, 2007 as *National We Don't Serve Teens Week*.

The Indiana Attorney General is teaming up with the FTC and the Department of Education to spread the word that serving alcohol to teens is unsafe, illegal and irresponsible. We can reduce teen drinking by stopping teens' easy access to alcohol. You can help us achieve this goal by signing this pledge:

I, _____, pledge to refrain from serving teens alcohol.

For more information and tips on ways to talk to your teen(s) about alcohol, visit www.dontserveteens.gov.
